IMPERIAL QUARTO.
"ENGLISH AND CHINESE DICTIONARY."
WITH THE PUNTS AND MATERIALS FOR PROMONTION.
An Anglo-Chinese Dictionary, published at the Daily Press Office, Hong Kong.
For comprehensiveness and practical service this Work stands unrivalled. All the new words which the Chinese have of late years been compelled to take to express the numerous inventions in machinery, photography, telegraphy, and in science generally, which the rapid advance of foreign relations has imposed upon them, are here given in extenso. Each of every word is fully illustrated and explained, forming exercises for students of a most instructive nature. Both the Court and Punt pronunciations are given in Chinese characters, and the English and the best and the most correct English is used to make the Chinese and English types correspond in the size of body, giving a vast economy of space, achieving a decrease not previously attained, and dispensing with those vast margins of vacant space which have hitherto characterized Chinese publications.
To illustrate the vast scope of the work the following facts are submitted for consideration:—The "Imperial" Vocabulary contains about 16,000 Chinese characters, and the "Imperial" English and Chinese Dictionary about 100,000; whilst this work contains more than 50,000 English words, and upwards of 800,000 Chinese characters.
Agencies, desiring to obtain a copy of the work, or to purchase the words as yet published, the undersigned is prepared to supply them at a discount of this different language absolutely representative examples to display the various applications and equivalents of words, with which they are very familiar meaning. Of these examples this work contains more than five times as many as any other Dictionary hitherto published.
For practical purposes the arrangement of the work is so complete, that a reference to the English and Chinese equivalents of words, with natives who are conversant with the Chinese, is indispensable to all persons residing in China, and to the natives themselves it explains entirely fully with which they are very familiar meaning. In this respect to parties resident in England and interested in China it cannot but be invaluable conversationally.
It comprises upwards of two thousand large quarto pages.
A VOLA IMPERIAL QUARTO, Price, \$20.
A LARGE REDUCTION IN PRICE is made for Purchasers of the English Edition.
